September 25, 2009

Dear Constituents:

Governor Bredesen today announced FindHelpTN, a Web-based tool designed to connect Tennesseans with social service programs and resources that might be of help to them. FindHelpTN is a 10-step questionnaire that provides eligibility information to users about more than a dozen social service and public assistance programs for which they might qualify.

Anyone with access to the Internet and a printer can use FindHelpTN. Upon completion of the survey, users have a printable report that details programs for which they may be eligible and gives specific application instructions, as well as location and contact information for the appropriate agencies.

I encourage you to utilize this Web site at www.tn.gov/FindHelpTN.

As always, please feel free to contact me if you have questions.

Respectfully,

Jim Hackworth
State Representative
